Dear Friends of the Hermitage:

This is a challenging time for all of us BUT it is also a time when we can count our blessings! For example, with the help of three teams, one here in the States, another in Geneva and a third in Romania, I was able to get onto the last plane out of Europe for US citizens only. How blessed I was putting my foot onto the floor of that aircraft!

I am also blessed to be in perfect health and listening to beautiful stories on the news about people helping people.

Families are spending precious time together on their porches communicating with their neighbors. Young people checking on shut-ins and elderly, shopping for those who cannot do it themselves and musicians, dancers, vocalists, and other artists brightening our lives on radio and TV. What a psychological lift to watch Birthday parades for young and old and home-schooled children giving music lessons to their parents! Medical personnel around the world are risking, and giving, their lives to help others while internationally, scientist work feverously to find a cure.

Our Wednesday nights, *Success: Full Living Energy Circle* is now on Zoom and Hermitage graduates from Austin, TX, Las Vegas, and even Australia are connecting with one another. With the help of the computer, we are experiencing a global Hermitage Family! Beyond the Hermitage, there is a sense of a "Human Family" and a "Global village." I have dreamed of this mental shift for decades and in a matter of months it is happening!

Here at the Hermitage, we want to do our share to end this pandemic. To that end, **we are offering our "Healing Self" and "Healing Others" meditation MP3 recordings FREE to anyone who cares to download from our website.** <https://hermitageindy.org/free-meditations-mp3/>

For the past 40 years our students have used these meditations to stimulate their immune systems to maintain perfect health. They have also used meditation to control pain, promote healing in themselves and others (even to overcome serious illness like AIDS and cancer!). With the outbreak of the coronavirus, we are reminded, more than ever, that we are all powerful spiritual beings and that in meditation we consciously connect with a Divine, Cosmic, and Unconditional Love Energy. In meditation we can direct this Divine, Cosmic, and Unconditional Love Energy and become co-creators, boosting the immune system to avoid contracting the virus in the first place BUT also to destroy the virus once it has infected the body.

In our workshop, *Success: Full Thinking* we teach that "Difficulty and Pain Are Opportunities for Growth." When we understand this principle, it can be much easier to work through challenging times like these AND in the process become more loving, kinder, more sensitive, and more mature human beings with greater understanding about life. We can then be instruments for creating a lasting and universal Peace!

My dear friends, this is a time of great opportunity for all of us! May we support one another in our efforts to continue reaching out to others with random acts of kindness, sharing smiles and greetings with everyone, listening to those who suffer and become the "Light of the World" that is our destiny!

Love and appreciation for your presence in my life and in the mission of the Hermitage!

Brother Virus

We created Brother Virus
By the way we live.
He in turn helps us return
To our human roots.

Families share their daily
Meals with sense of joy.
They are spending much more
Time Loving one another.

Youthful neighbors go next
Door checking on old folks,
Bringing meals and happy
Smiles, Our human family
Lives!

Nurses, doctors, and their aids
Risk and give their lives.
Chefs and restaurants giving meals
Never counting cost!

Children teach their parents how
To play the clarinet.
Song and dance are put Online
Entertaining all.

Neighborhoods applaud their
Heroes playing is Online
Masks are signs of Love
A wave is now a hug!

Times like these are challenging
But help to center us
In the tings that really matter,
Love and joy and peace.

Brother Virus to to sleep
You have done your work
We have learned our lessons well
Now we're moving on.

CAN YOU PLEASE HELP US

This year, we are in the Hermitage House 45 years. We have come a long way, touching millions of lives both here in the USA and abroad.

This Spring we have been hit hard financially.

Because of the pandemic, our checking account is down significantly (like many others!). We have lost 3 workshops in Europe and another 3 here in the States.

Last week, the Heating & A/C Technicians doing our Spring inspection, told us that we will have to replace one of the most important heating and A/C units in the house, which is the main classroom. The cost will be \$7,000+. **Can you please help us with this important but unexpected expense?**

All gifts are tax-deductible and can be made by check, credit card by calling 317-545-0742, or on our website www.hermitageIndy.org.

Your donations, of any size, are greatly appreciated! God bless you all!

Love and sincere thanks!
