The Hermitage is privileged to have Laura Silva Quesada, world-renowned lecturer, researcher, author, healer, daughter of Jose Silva and President of Silva International, to present the Ultra Seminar. This is a once-in-a-lifetime opportunity for you to learn with a brilliant individual who will be remembered in history as one of the foremost leaders in the emerging science of mind, spirit, and consciousness.

Laura has lived with the Silva Method all her life. She was born in 1954 when Jose was just beginning his research into mind and human potential. She was one of Jose’s early research subjects, learning the Silva Method techniques literally at her father’s knee! After college she began teaching the BLS and Youth Programs. In 1977 she began traveling the world with her father to present the Ultra Seminar.

Jose Silva had always credited Laura with making significant contributions to the development of the Method and the successful spread of his teaching throughout the world.
