

THE FRANCISCAN HERMITAGE presents . . .

Omaha, Nebraska

Spirituality for the 21st Century (and beyond)

A full-day workshop given by Friar Justin Belitz, OFM
Saturday, July 23, 2022, 9 AM- 5 PM, at
Unity of Omaha, 3424 N. 90th St., Omaha, NE 68134

Spirituality is nothing more than how you relate. This workshop will explain the differences between the Hierarchical Model and the Creation Model of spirituality.

We will then examine 7 Principles that govern all successful relationships. The goal is to have you discover how you relate to yourself, to others, to things, to life, experience, to God, etc.

Dear Friend,

There is no doubt that our society makes it easy to be negative about ourselves, our life situations, and even with those we love. However, we do have the gift of free choice and we can be "different!" We can make our world a better place by creating peace in our own minds and hearts.

The goal of this workshop is to help you become aware of your potential to be a peaceful person and to give that peace to all who touch your life.

With love and appreciation for your presence in my life,
